November 18, 2021

Dear Parents and Friends,

Each year at this time we appeal to your generosity and commitment by asking you to consider making a donation to the Sprout House Teacher Endowment Fund. This is a restricted fund specifically established to sustain an annual staff bonus. Our dedicated teachers work to make each child feel comfortable enough to explore the world, develop friendships and simply feel happiness. They have made every classroom a home-like place, more than just a room to acquire skills and accomplish discrete tasks.

As a small, not-for-profit school, we endeavor to meet the needs of our children and staff on a very tight budget. This tax-deductible donation will have a direct and positive impact on the dedicated individuals who so warmly teach your children. If you work for a company that provides matching funds for contributions to not-for-profit educational institutions, please submit the required forms to Sprout House for processing.

Sincerely,

The Sprout House Board of Directors
